

SIGNATURE FLATBREADS (UK) LIMITED

2022 GENDER PAY GAP REPORT

Signature Flatbreads (UK) Limited is committed to equality and values the skills and experience of our talented workforce. We have a culture of long service within the company which reflects that Signature Flatbreads is a good and fair place to work.

When viewing our gender pay analysis which was generated using 5 April 2022 data it is important to recognise the Company does not pay men and women different rates of pay for doing the same or equal jobs. We have a clear pay structure that is based solely on skills and capability.

We have taken positive steps to address the gap, which has reflected in increases in our lower middle quartile last year that is down to the hard work internally to achieve a reduction in the gap.

The changes in other quartile's have been significant bringing the mean and median pay gaps closer due to the hard work of the company during this financial year. We are working hard to address the gap at senior level and supervisory levels to unlock more opportunities for women across the business.

What is the Gender Pay Gap at SF?

Pay Quartiles by Gender

The figures set out above have been calculated using the standard methodologies used in the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017

Signature Flatbreads is a third-generation flatbread baker. We have grown from a small family business to a global leader in flatbread production. As a family business, Signature Flatbreads has a very low staff turnover in senior roles, yet we recognise that we must focus on attracting female talent and encourage women internally to apply for roles that are more senior.

We are committed to reducing the gender pay gap and we will continue to strive towards this.

DECLARATION

I hereby confirm that the information provided in this report to be accurate and the figures set out above have been calculated using the standard methodologies used in the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017.
